Workshops & Demos

Choose from one of our high-impact options to elevate your next event.

Science Live Demo (30mins) £250+VAT

Experience the wow-factor of live science at the heart of our exhibition floors. Delivered by our Inspirers, our high-impact demonstrations use sound and colour to bring chemistry, physics and biology to life - from huge fireballs and floating smoke rings, to experiments fired right up to the roof. Demos can be themed or selected from our favourites, such as *How to Launch a Rocket*.

Team Building Workshops (45mins) £500+VAT up to 40 people +£10pp over 40

Our interactive workshops provide the ideal team-building activity or energising break from your meeting, led by our engaging team of Inspirers.

Blast Off!

Work in teams to design and build a rocket, then race to be crowned the fastest in the galaxy.

Butterfly Wellbeing Walk

Enjoy a guided, mindful walk into the South Downs, home to 36 species of butterfly, wildflowers and minibeasts.

Exhibit Explorers

Explore the exhibition floors individually or in teams, solving quiz questions and challenges as you go.

*Please note that workshops and shows are an optional extra on top of our venue hire price.

Planetarium Shows

Choose from one of the below 360 fulldome planetarium shows to enhance your next event.

A Skyful of Wonder (30mins) £400+VAT

Discover what you'll be able to see in the sky on the night of your visit in this unique presenter-led show. From constellations to planets, you'll uncover the stories and science behind the wonders above and gain the knowledge you need to spot them for yourself in the real night sky.
Suitable for ages 7+.

Night Sky Live (60mins) £600+VAT

Experience our show *Skyful of Wonder* inside the Planetarium, followed by a private outdoor stargazing experience. Bring the wonders of the planetarium to life as you learn to spot celestial highlights in the real night sky under the guidance of our expert team of Inspirers, all set within a Dark Sky Reserve. Available exclusively for events taking place after sunset.

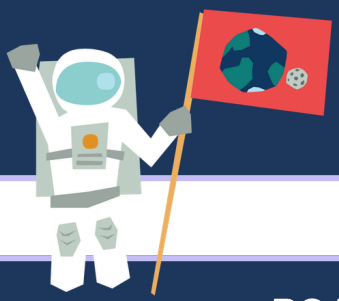
Ted's Space Adventure (20mins) £400+VAT

Join Ted the bear and his friend Plant on a journey through our Solar System in this fun and educational show. Through song, humour and discovery, travel around planets and learn what makes Earth so special. With live narration from our Inspirers and plenty of audience participation along the way.
Recommended for families with children aged 3–6.

Film Shows (20mins) £200+VAT

Get set for an epic adventure through space and time! Our much loved animated film shows are perfect for children and their families. Choose from:

- We Are Stars
- We Are Aliens
- Polaris



Build Your Own Mission POA - from £150+VAT per hour of creation and delivery

Create your own tailor-made mission where you choose the journey, timeframe and age range. Discover planets, dwarf planets, constellations, or moons specific to your wants and needs. Journeys can be presenter-led by one of our knowledgeable Inspirers to provide exciting facts and stories along the way. Enquire to recieve your bespoke quote!

Music Shows (45mins) £350+VAT

Legendary tunes from iconic albums play out against a backdrop of specially created dynamic video effects. Experience surrealistic environments and mood-provoking visuals that will propel fans on a trip down memory lane.

- Pink Floyd: Dark Side of the Moon
- Pink Floyd: Wish You Were Here
- Led Zeppelin: The Planetarium Experience

*Please note that planetarium shows are an optional extra on top of our venue hire price.
