

Activity 3

WHAT WOULD HUMANS NEED IN SPACE?

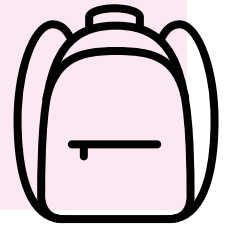

So we've got a rocket and planned where we are going, but what supplies will we need?

Can you help me pack a bag for the journey into space?

DID YOU KNOW?

All animals, including humans, need certain things to keep living.

Space does not have the things we need, so we must take them with us on our mission.

YOUR CHALLENGE

DON'T FORGET TO TAKE PICTURES!

1 RESEARCH

What does the crew of a rocket need on their mission?

Discuss your ideas with your family.

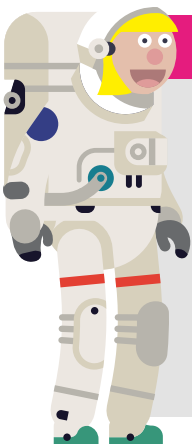

2 DESIGN

Design the inside of your rocket so that you have everything you need to survive in space.

3 BUILD

Fill a bag with items from your home that you think would make a good life support pack.

EMILY'S TOP TIPS

Your house is full of useful supplies for a space adventure!

British astronaut, Tim Peake, took a camera to space to take pictures of Earth
